

Scuba Diver & Open Water Diver

The **Scuba Diver (SD)** certification is a entry level certification you earn by successfully completing the first part of Open Water Diver course. This certification qualifies you to dive under supervision of a dive professional to a recommended depth of 12m.

The **Open Water Diver (OWD)** certification is a full entry level certification you earn by successfully completing the entire Open Water Diver course. This certification qualifies you to dive independently to a recommended depth of 18m.
