

ASSISTANT INSTRUCTOR UPGRADE / CROSSOVER

The Gateway to Instruction

In this program you will work with our SSI Instructor Trainer who will help you learn advanced diving techniques and how to teach entry level scuba.

What I need to start my SSI Assistant Instructor Upgrade / Crossover course?

Be at least 18 years old and have at least 60 logged dives. You must already be certified as a **PADI / SSI Divemaster**. If are not yet certified you should refer to the **Assistant Instructor program**. Current First Aid / React Right & CPR certification is also required; this can be renewed if invalid with us by completing the **SSI Respond Right program**.

How long will it take to complete my SSI Assistant Instructor Upgrade / Crossover course?

You require 75 dives to complete your Assistant Instructor course so the length of your course will depend on your diving experience. If you are already certified as an SSI / PADI Dive master (Prerequisite is the SSI **Science of Diving**-Certification), the Assistant Instructor Upgrade can take as little as a few days.

What am I qualified to do once I'm a certified Assistant Instructor?

Perform in the same role as a Dive master meeting the criteria to act as a Certified Assistant. A certified Assistant Instructor may also teach the Open Water Diver academic and pool under the indirect supervision of an active SSI Instructor but may not conduct exercises involving self aid or emergency skills such as Air Sharing, Emergency Swimming- and Emergency Buoyant Ascents unless directly supervised or they have successfully completed an SSI Instructor Training course. Take students, no more than two at a time, on underwater tours after the students have successfully completed the required skills with an Instructor. Conduct the Resort Dive Program in Pool Only & the Scuba Skills Update program for certified divers.

After certification you may also enroll in the **SSI Instructor Training course**.

Price: 6.000 THB

The price includes:

- theory and pool lesson

Not included:

- materials, Assistant Instructor Kit: 6.900 THB
- SSI Dive pro Registration fee: 875 THB
